I arrived at the Camp Cropper holding area around 0515 hrs. Detainee # 11672 had apparently suffered massive hemoptysis and Cardi-Pulmonary arrest. I was told by Soldiers at the scene that the patient had been down since around 0447 hrs. When I arrived on the scene Sgt [redacted] and SPC 7C-3 66-3 were performing 2 person CPR. My initial assessment revealed a young ♂ - No pulse, Spontaneous respirations or signs of life. His pupils were fixed, large and Dilated. I commented that I thought he was already gone but we continued our resuscitative efforts - oxygen, tracheal suctioning and chest compressions. I attempted Endotracheal Intubation once the equipment arrived. Due to the clot and blood in the Post-cricopharynx I was not able to intubate. After several more minutes I reassessed the pt and again found his Pupils fixed and dilated No pulse, No respirations. I pronounced him dead at approx 0524 hrs.

Pt had been sent to the 581st ASMC on 11 July 2003 because he had coughed blood while in LIMA Compound. He returned with a Note stating he had Pulmonary TB. He was started on ->

9. I, 7c-6 bb-6, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On July 12, 2003 at some time 0448 hrs, inmate # 11072, held up in the holding area, starts to coughing blood. I notice and inform SGT, 7c, bb-6 who went to get SSG, 7c-07 who that guy was suspected to have TB. Around 0505 hrs, after SGT 7c, bb-6 took out for medics, SGT 7c, bb-3 arrived to the scene and started first resuscitations (CPR) to resuscitate the inmate. Then SFC 7c, bb-3 joined him to assist. Before they arrived, myself and SSG 7c, bb-6 told the other prisoners to turn his head to the rear in case he cough out more blood. Later on, CPT 7c, bb-6 showed up to the area. Around 0508 hrs. he told me to get SFC 7c, bb-3 for an intubation kit. I went to wake him up and escorted to the holding area. I believe, couple minutes after (around 0511 hrs) SSG 7c, bb-3 and SSG, 7c, bb-3 joined to assist the other medics. By same time around 0515 hrs. the inmate was declared dead. I went to sit tent to pick up a digital camera and took some pictures of the scene after the body was removed. After, I was told by SSG, 7c, bb-6 to secure the area.

MEMORANDUM FOR Commander, USACIDC, Attn: CIOP-COP-OP, 6010 6th St., Fort Belvoir, VA

SUBJECT: Request for Information (RFI 0212-04-CID001)

1. A review of CID Report of Investigation (ROI) 0014-03-CID919-63732 did not reveal significant concerns regarding thoroughness, timeliness or timely reporting. The initial facts pointed directly to the findings of a natural death, and were supported by medical evidence.
2. Even though the Agent's Investigation Report (AIR) was written in an unorthodox manner, the basic facts surrounding the death were conveyed in the report. Medics claimed they exposed photographs of the scene prior to the arrival of agents, however, no effort was made to view or obtain the photographs as evidence. Several individuals were mentioned in the statements taken from witnesses; however, they were not fully identified or interviewed. Lastly, statements should have been obtained from one or two detainees who had contact with the victim prior to his death, and included in the report.
